### We Never Forget, Your Wedding Day is About You!

Cherished Memories Photography, LLC has been in business in the Cincinnati area since 1997. Jim, or owner, has a BFA degree in Photo Illustration. We are members of Professional Photographers of America, and Digital Wedding Forum. We typically photograph 35+ weddings yearly.

Our team typically shoots 1,500 + images of your wedding day to provide you with a rich collection of images from different perspectives and styles, impossible for a single photographer to capture. Our coverage is a blend candid images, formals, romantic photos, and photo journalistic images taken from multiple viewpoints for interesting album layouts. We work hard to capture your wedding day emotion, joy, the smallest details, and formality. We strive to capture memories that you, your family, and guests will cherish for years to come.

#### **Cherished Memories Album Packages include:**

- 1) **Proof CD for you to select your album prints.** The Proof CD is yours to keep. Images are suitable for Email, and can be copied as you wish. The Proof CD has all photos we take of your wedding day. Proof CD images load quickly but are not designed for high quality printing.
- 2) **Album Images CD and Copyright Printing Release** so you can reprint your Album images if you wish.
